

Arte de la table

# ABOUT US

GLS Fused Glass is a Greek family business with more than 40 years of experience in the field of glass and glass constructions. We started primarily with the stained glass style and gradually evolved into the production of glassware for the needs of the HORECA industry.

At GLS, we specialize in creating exceptional glass products designed specifically to better serve the foodservice sector.

Our long experience in glass processing guarantees products of high quality and durability. We offer personalized service and products that meet the needs of our customers.

We focus on creating original "TAILOR-MADE" products, offering solutions that are precisely tailored to the needs and specifications of our customers.

The variety of designs, colors and sizes in our hand-crafted products allows us to create unique displays that enhance your space.

Overall, GLS Fused Glass offers a wide range of tableware, servingware and accessories for restaurants, hotels and catering services, with a focus on durability and aesthetics, making them ideal for multiple uses and applications.

## Care Instructions For Your Elegant Glassware

### Dishwasher Instructions:

- Always select the glasswashing program on your dishwasher. This program is specifically designed to handle delicate glassware.
- Ensure that the temperature does not exceed 75°C (167°F) during the wash cycle to prevent damage.

### Hand Washing Instructions:

- Wash the glassware gently by hand using a solution of soapy water.
- Employ a soft sponge or a microfiber cloth to clean the glass. Avoid using any abrasive sponges, brushes, or aggressive cleaning agents as they can scratch or damage the surface.
- Take care to handle the glassware delicately to avoid any potential chipping or breaking.

### Storage Instructions:

- To prevent damage, make sure that glass pieces do not touch each other during both washing and storage.
- When storing, use separators such as padding or felt to keep individual pieces from making contact with one another.
- Do not stack more than 10 glass pieces on top of each other to avoid excessive pressure and potential breakage.

Following these detailed instructions will help ensure the longevity and pristine condition of your glassware.

## Wide Product Range

- **Designs:** Explore a broad spectrum of styles and artistic concepts, from classic to contemporary, ensuring there is something to suit every taste and decor.
- **Coloring Techniques:** Benefit from diverse coloring methods, including custom hues and finishes, to achieve the perfect look for your glassware.
- **Shapes:** Choose from an array of shapes to match your functional and aesthetic needs, whether you prefer traditional forms or innovative designs.
- **Sizes:** Find the right dimensions for every application, with options ranging from small, delicate pieces to larger, more substantial items.
- **Application:** Our products cater to various uses, from everyday dining to specialized functions, ensuring versatility and practicality for all your needs.

## Customizable Options

- **Plates:** Choose from various sizes, shapes, and finishes to create the perfect dining experience.
- **Bowls:** Customize your bowls with different depths and designs to suit any culinary need.
- **Platters:** Select from a range of styles and sizes to present your dishes elegantly and effectively.
- **Minis:** Opt for smaller, bespoke versions of our items for a charming touch or specific uses.
- **Stands:** Personalize stands to enhance presentation and functionality, available in various designs and heights.

## Multiple Venue Match

- **Restaurants:** Ideal for creating an elegant dining experience, our items cater to both casual and fine dining establishments.
- **Buffet:** Perfect for buffet setups, offering durable and stylish solutions for serving a wide range of dishes.
- **Lobby:** Adds a touch of sophistication to lobby areas, contributing to a welcoming and upscale ambiance.
- **Business Lounge:** Tailored for business lounges, providing both functionality and refinement for professional settings.
- **High Tea:** Complements high tea service with exquisite designs and practical features, elevating the afternoon tea experience.
- **Complementaries:** Suitable for a variety of complementary uses, enhancing overall service and presentation.

## Crafting Excellence: Passion, Quality, and Sustainability

### Creating Art

Our passion drives us to craft and design exceptional glassware that not only stands out for its uniqueness but also enhances every experience. We are committed to transforming our creative vision into stunning glassware that leaves a lasting impression.

### Collaboration

We prioritize meaningful interactions with our customers to ensure we select the most suitable glassware for their specific needs. Just like our handmade products, our customer service is personalized and attentive, reflecting our dedication to providing a tailored experience.

### Excellence

We are unwavering in our dedication to delivering glassware of the highest quality. Each piece undergoes a rigorous quality control process to ensure it meets our meticulous standards. This attention to detail ensures that every handmade item we offer is of superior craftsmanship.

### Practicality

Our glassware is designed to withstand the demands of commercial environments while maintaining its aesthetic appeal. It is built for durability and can endure heavy use. All our products are safe for use in dishwashers and microwaves\* (with the exception of items containing metal), stackable for efficient storage, and completely free from harmful lead and cadmium.

Microwave safe: excludes items with metal components

## Customer First

- **Listen:** We actively listen to your feedback and requirements, ensuring we fully understand your needs and preferences.
- **Engage:** We engage with you meaningfully, fostering open communication to better address your expectations and provide personalized solutions.
- **Partner:** We view our relationship as a partnership, working collaboratively to achieve the best outcomes and exceed your goals.
- **Care:** We show genuine care in every interaction, prioritizing your satisfaction and going the extra mile to ensure a positive experience.
- **Serve:** We are committed to exemplary service, delivering timely and effective support to meet your needs and enhance your overall experience.

## Highly Functional

- **Exceptional Durability:** Built to withstand frequent use and rigorous conditions, ensuring long-lasting reliability.
- **Dishwasher Safe:** Designed for easy cleaning, our items can be safely washed in a dishwasher without compromising their quality.
- **Microwave Safe:** Suitable for microwave use, allowing you to heat or reheat your food with ease. (Note: excludes items with metal components.)
- **Stackable:** Crafted to stack efficiently, optimizing storage space and making organization effortless.
- **Lead-and-Cadmium Free:** Our glassware is manufactured without harmful lead and cadmium, prioritizing safety and health.

## Unwavering Quality

- **Raw Materials:** We source only the finest materials, ensuring that each component meets rigorous quality criteria and contributes to the overall excellence of our products.
- **Craftsmanship:** Our skilled artisans employ meticulous techniques and attention to detail, ensuring superior workmanship and the highest standards of craftsmanship.
- **Packaging:** Each item is carefully packaged to protect its quality during transit, using high-quality materials that safeguard against damage and maintain the integrity of the product.
- **Delivery:** We prioritize prompt and reliable delivery, ensuring that every order arrives in perfect condition and within the expected timeframe.
- **Service:** Our commitment to exceptional service means that we offer comprehensive support throughout the purchasing process, addressing any concerns promptly and ensuring a seamless customer experience.
- **Production:** All our production from start to packaging applies EN ISO 9001:2008 for the design and manufacture of fusing products.

# RELIEF

The relief technique in glass features raised or recessed designs on the surface, adding a three-dimensional effect. This method results in an elegant and luxurious appearance, with patterns that are often geometric, floral, or abstract. These designs enhance the artistic and aesthetic value of the object, providing both visual and tactile appeal. Depending on the designs, they also help the chef add their own unique touch to the presentation.

# GLASS BENDO BOX

Introducing our premium GLASS BENDO BOX, meticulously crafted with top-quality materials to ensure durability and safety for all types of food.

Made from high-grade borosilicate glass, this GLASS BENDO BOX offers exceptional clarity and resistance to thermal shock, making it suitable for both hot and cold dishes.

The secure lid with a silicone seal keeps contents fresh and prevents leaks, while the divided compartments allow for versatile meal options without flavor transfer.

Elevate your dining experience with our GLASS BENDO BOX, designed for those who prioritize quality, safety, and convenience in their meal preparation and storage.
